COUNTY OF ERIE
OFFICE OF COUNTY EXECUTIVE

Dear neighbor,

Agriculture is one of our most important and often overlooked industries. As your County Executive, I firmly understand the importance of agriculture and the role it plays in our region and at our dinner tables. I remain committed to supporting our rural communities and ensuring investments take place south of Interstate 90 and throughout Erie County.

America was not built by men in suits. To those who make their living working long days, early mornings, and endless laps in the field. I salute you! To the men and women with the matching scuffs on their knuckles and work boots, those who embody dirty hands equating to a clean living, those who know how to get the job done – I salute you!

I am proud to belong to a community whose heritage is deeply rooted in family traditions being passed down from generation to generation. A community that understands the value of a hard day's work; where bicycles still pile up on front lawns, the sound of little league baseball can still be heard on summer nights, where our children and grandchildren can grow up strong and slow in a place where neighbors embrace the thin line between friends and family.

Whether your tractor is John Deere green, International Red, or something in between, Thank you for supporting Erie County and the Waterford Community Fair!

Let's get to work!

Brenton Davis
Erie County Executive

GENERAL RULES AND HEALTH REGULATIONS

GENERAL RULES

1. All exhibitors agree to be bound by the rules and regulations of the Waterford Community Fair.
2. The fair management reserves the right to amend or add to these rules and regulations as it's judgment may determine.
3. Reasonable care will be taken to protect all exhibits on display from all injury and damage, but the fair IS NOT, in any way, to be held responsible for accidents, loss or damage by water, fire, theft, or otherwise, whatever may be the cause or extent of the damage or loss.
4. Entries will be made according to classification
5. Premiums, as listed, may be given for meritorious exhibits. In cases where there is no competition, judges may give an award such as they deem the exhibit is worthy to receive. Same rule applies where there are fewer entries in any class than the number of premiums offered. The judges may, at their discretion, award a ribbon or rosette. The fair reserves the right to determine how many entries they will accept from an exhibitor in the same class or, in the case of livestock, the same breed, and poultry, the same species. **THE DECISION OF THE JUDGES SHALL BE FINAL IN ALL CASES** except where mistakes, fraud, misrepresentation, or collusion, not discovered at the time of the award, is proved. In such cases, the superintendent, manager or secretary of the fair or show, or such referee as he may appoint, may make the decision. The case may be appealed to the Fair Management or Show Commission from whose decision there can be no appeal. NO JUDGING ON THE DANISH SYSTEM.
6. It shall be the responsibility of the exhibitor to make known the PROPER NAME of the article or breed of livestock he is entering. Any item entered improperly will be disqualified to receive a prize but the judges will mark the correct name on the entry tag for the benefit of the owner so the same mistake in entering need not be made the second time.
7. All livestock entries must be in place no later than 8:00pm **SUNDAY** unless other arrangements have been made with the respective department head.
8. Superintendents of departments reserve the right of refusing to accept any entry. Furthermore, the superintendents reserve the right to bar from competition animals, vegetables, flowers, poultry, products and manufactured articles of decidedly inferior quality and those not possessing sufficient merit to warrant recognition. (The Superintendents must notify exhibitors of any exhibits that have wilted or become unfit. After having done this, the superintendent may dispose of the exhibit at his discretion.)
9. **The Fair Management may, at any time, order the removal of any exhibit or part of exhibit in bad condition, any article unfit to show may be excluded. Food products cannot be polluted with any substance or chemical that causes them to become poisonous and unfit to be used as food. No exhibit may be removed at any time before the close of the fair, except by consent of the management.**
10. Where award ribbons are stolen or destroyed, the exhibitor may receive a duplicate at the close of the fair or show which shall be supplied by the fair free of charge.
11. During the judging, buildings, except livestock arena, are to be closed to everyone except fair officials, judges, Pennsylvania Fair Fund Officials, and necessary attendants. No exhibitor nor his agent shall communicate with the judge during the time of determining the awards except to answer questions proposed by the judges. Any exhibitor interfering with the judges while making awards shall forfeit any premium to which he would otherwise be entitled.
12. All livestock offered for premiums must have been the property of the owners for thirty (30) days or longer. (Livestock or poultry entered under a name other than the owner's shall be disqualified for premiums.)
13. Should any animal awarded a prize be disqualified, the animals gaining the lower prizes shall move into the next higher position if, in the opinion of the judges, the animals are worthy of such prizes.
14. Over-fitting of cattle will be discriminated against. Any artificial means used to change the form or shape of an animal will disqualify it from competition.
15. When on exhibition in the ring, each animal must be under halter and in charge of the owner or employee. The fair will have stand-by attendants available during the youth judging or showing, men designated if there is trouble with the animals.
16. Joint ownership considered to be as one owner in accordance with registration papers.
17. Premium checks and entries should be collected between 8:00 pm and 11:00 pm Saturday.
18. **$2.00 entry fee per animal/per department**.
19. No livestock on midway.
20. **DRESS CODE - At minimum, exhibitors handling and/or show showing animals at the fair are required to wear appropriate hard sole shoes, especially for beef cattle and hogs. No sandals permitted.**

CAMPER GUIDELINES

- **A limited number of camper/trailer spaces are available on a first come-first serve basis.** Camping spaces will be assigned at the discretion of the fair board and space is limited. Purchasing of extra space for awnings/slide-outs may not always be possible.
- **A $30.00 fee will be charged for each space, $40.00 for spaces with electrical hook-up.**
- The fair board reserves the right to move any camper that is incorrectly parked
- Campers must use appropriate electrical cords
- Trailers not used for camping will not be allowed in the camping area
- No awnings or slide-outs are allowed to extend into the next camping space
- No dumping of sewage or grey water onto the ground is permitted

GUIDELINES FOR CARE OF ANIMALS

It is the responsibility of each exhibitor to care for animals in a manner that is responsible and ethical. Following are some guidelines for the treatment of animals exhibited at the fair:

1. Restraining Animals
- Animals should be tied or penned in a manner that will not hurt the animals or restrict it's breathing in any way.
- Animals should be tied so all four feet are firmly on the ground and they have enough room to stand comfortably and lie down.
- Animals should be tied so they are not able to injure animals tied near them.

2. **Handling**--Any type of rough handling which could harm the animal is prohibited. The use of whips, canes, and show sticks should be restricted to showing only and be used only to guide the animals, not punish them. Remember animals will respond quicker to quiet, gentle handling, than loud, rough handling.

3. **Bedding**--All animals should have bedding that is dry and clean. Pens should be cleaned regularly to keep the animals clean and comfortable. If non-traditional bedding, such as carpet, is used it should be regularly cleaned (at least twice daily) to keep the pen free from manure.

4. **Feeding & Water**--Animals should be well fed and have access to clean water regularly. Realizing that many market animals must have restricted amounts of feed to maintain the proper weight, animals must be fed adequate amounts of feed to meet the animal's basic requirements. Animals not allowed reasonable access to feed and water will be disqualified from the show.

5. **Transportation**--Animals should be transported in a way that is both safe and considerate of the animal's well-being.

6. **Blanket/Sweat Collars**--Any type of material such as blankets or sweat collars should be large enough to permit normal body functions such as breathing, eating, drinking, or lying down.

7. **Health**–It is the responsibility of the exhibitor to provide proper health care for their animals through routine inspection and consultation with health care professionals. The improper or illegal use of drugs or antibiotics is prohibited. If medication is indicated, be sure to follow the label directions and allow more than the stated withdrawal time.

For decades the Waterford Fair has hosted an event that accomplishes more than most people realize. While the Youth Livestock Sale provides high quality meat to feed people and fill freezers, it does much more than that.

Every project is a year-long effort full of lessons in hard work, sacrifice, budgeting, winning and losing, and so much more. It is these experiences which teach life skills, develop character, and realize the value of entrepreneurship while promoting an in-

2021 CHARITY HOG

Benefits Auto Racers for Kids Charities, Inc.

Photo credits Jess Manross - Born In A Barn Photography

This year's charity was Auto Racers for Kids, a 501(c)3 non-profit organization that seeks out children's charities in need of additional funding to provide basic necessities of life. Since 2008, ARK has raised more than $415,000 to benefit 16 different community charities.

ARK fund raising efforts include bowling, wine tours and online raffles. "The stories of these needy children tug at our heart strings every day and help keep ARK motivated to continue our mission."

2022 charities who will benefit from their efforts include, Second Harvest Food Bank, Autism Society, The Refuge, Erie Dawn and The Bethesda Trinity Center.

Each year members of one of the Erie County 4H clubs raises a charity hog to be auctioned at The Waterford Fair Livestock Auction, with the proceeds to benefit a local charity.

The Mountain Top 4H club brought a 276 lb. hog to the auction and at the closing gavel locked in an impressive auction price of $10.00/lb. representing a total sale price of $2,760. Jesse Fiske of the Fiske White Tail Deer Farm championed the high bid at $10.00/lb.

As is often customary, the guest auctioneer will promise to "pucker up to the pork" with a celebratory smooch to sweeten the bidding activity. No exception in 2021!

A very special thanks to our high bidder Jesse Fiske for his perennial support of the Erie County Youth Livestock Sale.

Thank You!

The Fort LeBoeuf School District

Agricultural education is a large part of the mission statement of the Waterford Fair. To further support this goal, the fair has, for several years now, played host to Fort LeBoeuf School District 3rd grade students. This endeavor is further supported by the local Kiwanis Club. (Due to the pandemic interruption, the fair also hosted the 4th grade classes (2020 3rd grade students) in 2021.)

Be a part of it!

Wednesday of fair week is a very special day at the fair when students from Waterford, Mill Village and Robison Elementary schools arrive for an educational field trip. During their stay they'll be exposed to a small sampling of "life on the farm", and, some cases, a real "hands on" experience.

Returning to their classrooms, each student submits a written essay about their experiences on the fair fieldtrip, and the student with the best essay at each school is awarded a blue ribbon and t-shirt.

We greatly appreciate and support this combined effort to involve our community's youth in understanding the critical role local agriculture plays in our everyday life.
